Tuesday evening, Dec. 3, the Bethel Chamber of Commerce meeting was well attended by members and several invited guests. The speaker of the evening was Richard Lawrence from the Maine Department of Industry and Commerce. Mr. Lawrence spoke extensively on the subject of wood utilization, bringing out many points of interest vital to people in Bethel and the surrounding area.

CPL. JOHN BEAN IN KOREA

Army Capt. John A. Bean, whose wife, Dixie, lives on Route 1, Williamson, Va., is a member of the 1st Cavalry Division in Korea. The division, previously in Japan, has absorbed all units of the 28th Infantry Division in Korea since the latter's recent deactivation.

Corporal Bean, formerly a member of the 28th, is a rifleman in Company E of the 1st Cavalry Division's 21st Infantry.

The corporal entered the Army in 1948 and arrived overseas in October 1950. He attended Officer Academy. His mother, Mrs. Gladys G. Bean, lives in Bethel.

Theresa Greene, a noted American soprano, was heard at the Memphis High School auditorium on Monday evening under the auspices of the Rumford Community Concert Association.

Alex J. McFarland, president of the board of trustees of Bethel Academy announced an anonymous contribution of \$10,000 had been made to the Development Fund of the school.

A horse was rescued from a brook on the Swift River Road by firemen from Rumford. The animal attempted to cross Foothills Brook and fell into ice late several feet of water.

Mr. and Mrs. Henry W. Beane of Hermon observed their 50th wedding anniversary Friday evening.

They were honor guests at a party at the home of Miss Anne Leahy.

Rumford has called a special town meeting for Dec. 19 to see if the town will vote "to support the act creating the Dixfield Village Corporation."

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

Now that we have had our first snow storm your attention is called to the following ordinance: Article 3, Sec. XL. There shall be no overnight parking on any street or other town ways from November 1 to April 1.

Mr. Chadwick of the Maine Forest Service visited the Town Office recently relative to the Dutch Elm Disease. Symptoms of the disease are a wilting, yellowing browning and dropping of elm foliage, at first on individual branches. Brown discoloration shows in the outer layers of wood. Samples from suspected elms should be sent to the State Entomologist, Augusta.

Only elms are attacked and none are immune. The disease is caused by a fungus that affects the water conducting vessels of a tree. Death occurs in a season or two.

Major spread of the disease is by two species of elm bark beetles. Feeding by the beetles takes place on bark of branches of living and healthy elms. Breeding occurs between the bark and wood of diseased, dying or dead elm material.

There is no direct control measure once an elm is infected. Prevention consists of indirect means by preventing feeding and breeding of elm bark beetles. Methods to be carried out within established control areas are sanitation, dormant spraying after the disease appears in an area, and general care of elms to maintain healthiness.

Sincerely,  
Harold L. Bean

## Gould Academy Vespers To Be Presented Next Wednesday Evening

The ever-popular Gould Academy Vespers will be featured on December 15th at 8 p. m. in the West Parish Congregational Church in Bethel. All the musical forces at Gould except the band will join the program. Also taking part will be a treble boys choir of about 20 voices from the Crescent Park School. The church is to be decorated by the Home Economics department. The Varsity, Junior-Senior Girls, and Boys Choirs will be in the front of the church while the Freshman-Sophomore Girls Glee Club will be stationed at the rear balcony. The theme of the evening will be carols of all nations with stress on the settings on American composers. Some of the composers are Edward H. Hastings, well-known here in Bethel, K. K. Davis, and Richard Kounz, who did all the carols of Slovak origin. The renditions of the Glee Clubs will be interspersed with congregational carol singing and the reading of the Christmas story from Matthew, Luke, and the prophecy of Isaiah by Stanley Fuller, Gary Albury, Jane Greig and Jane Coffin.

The Freshman-Sophomore Girls Glee Club will sing a spiritual, "Go Tell It on a Mountain," and the Spanish "On a Morning Long Ago" with Mary Head as solo voice. Five girls of the Junior-Senior Girls Glee Club, Mary Jasper, Patricia Probst, Jewel Bean, Eleanor Kimball and Constance Chase, will feature a spiritual. After their carol singing the same girls will sing a unison solo part with the Glee Club. The Junior-Senior Girls will also sing a Slovak carol by Kounz, "Come Up Early" and Niede's beautiful setting of the Appalachian "I Wonder As I Wander." The Crescent Park Treble Boys Glee Club will render the 18th century French "Let All Mortal Flesh Be Silent."

One of the unique features of these Vespers will be the two girls who are answering each other in echo fashion using the Slovak "Carol of the Sheep Bell."

The Varsity Glee Club will sing carols of Slovak, American Indian and Ukrainian origin. Hastings' "Glorious Easter Softly" the Slovak "Hark, the Herald Angels Sing," French carol set to Huron words by a missionary to the Huron Indians, and "Jesus Ahshtorah," a 16th century

French carol set to Huron words by a missionary to the Huron Indians, and the first Huron Christmas carol.

The poster publicity in town was furnished by Jewel Bean, Sally Hastings of Boston, and Patricia Probst. The program will be under the direction of Walter Marcus. An attempt is being made to find sufficient sponsors for a later program.

The members of the Crescent Park boys choir are as follows:

Charles Merrill, Roger Dock Jim

Chilcott, his renditions will be the new Davis, Timothy Hutchins, Al

**From The Independent, Los Angeles, California, Vermont:** The records of history show all too plainly the inevitable fall of many great civilizations. The Titans of the past, the Greeks and then the Romans had their days of enlightened leadership of contributions to the progress of mankind, of greatness and dignity. And then decay, not from the enemies from without but from softness, corruption and rot within.

In all modern history the American civilization has come to represent the greatest advance in the story of mankind, particularly in the importance and dignity of the individual human being.

Does the advent of Sputnik I and II portend the end of another great civilization? Are there signs of the same decay that spelled the end for Greece and Rome? Are we on the way to self-destruction through softness, corruption, internal jealousies and bickering?

These questions may seem far-fetched; but they have been asked by responsible, serious, non-partisan individuals who have been greatly shaken by the enormous scientific advances made by the Russians in recent weeks.

Without reaching the panic gate, we believe that we should subject ourselves to thorough self-examination and ask where we are

going? Have our desires for comfort, ease and security blinded us and diverted us from the path of strength and world leadership?

Cold facts reveal that the lead in scientific advancement and conquest for outer space has passed, temporarily at least, to unfriendly, and worse, irresponsible hands. These facts call for end to jealousies, bickering and rivalry, an end to small thinking, and an end to soft living at the expense of self-preservation.

**From The Independent, Foothay, Springs, N. C.:** The moon is a dead satellite without oxygen or water, and over provided with extremes of temperature. But it may not be doomed to stay that way forever.

L. M. Levitt, a planetarium director, thinks that man may make it bloom into a place that is habitable.

The moon has many rocks similar to those on earth, containing water. These rocks could be ground up by atomic-powered machines, Levitt believes. And then they could be baked, releasing their water in a vaporized state.

If this water were collected, man would have one of the basic necessities for survival. The other essential would come by subjecting the water to ultra-violet radiation, thus breaking it up into oxygen.

## Economic Highlights . . .

**Happenings That Affect the Future of Every Individual — National and International Problems Inseparable from Local Welfare.**

"Monopoly power may be described as the possession of power by an individual or a group to control the supply and fix the price of needed goods and services. On this basis, there can be no doubt that certain international unions possess monopoly powers in some of the basic industries of the United States. They virtually control the labor supply of these industries and have proved on many occasions their ability to dictate the terms on which the services of labor are available to produce the goods and services the nation needs."

That is the first paragraph of a pamphlet entitled "Monopoly Power as Exercised by Labor Unions," which has been issued by the National Association of Manufacturers, and is the result of a year's study by a group of labor-management experts under the chairmanship of Lee Wolman, the distinguished Columbia University teacher and writer. It is a work which is of unusual interest now in the light of the greatly aroused public interest in labor problems and policies.

The pamphlet's thesis is that the power of the unions is virtually without legal restraint, that this is something that was never intended by Congress, and that it has come about largely as a result of a series of judicial and administrative decisions. A principal cause of union monopoly power, it argues, is that the labor unions have become immune from legal responsibilities to which everyone else is subject—notably the antitrust laws. To take a specific example, these laws held that boycotts by businesses are restraints of trade and hence illegal. But the unions can and do demand and obtain contracts

"black" lists set that people are not bad, but are lost.

There is a difference. For there is little hope for a bad person to become good. But there is hope for the "lost." In the figure of a lost soul, a lost sheep, a lost boy, we see the Divine Love at work seeking out the lost and bringing them back to the right path.

What a world of difference between the viewpoint of Javert and that of the Bible. Javert saw no hope for sinners; the Bible not only sees hope, but holds forth that same sinners as the greatest object of God's love. "Though your sins be scarlet, they shall be white as snow."

**JAMES TYLER INITIATED INTO KAPPA PI ALPHIA FRATERNITY**

James H. Tyler of Bryant Pond was initiated into the Kappa Pi Alpha Fraternity of Bowdoin School of Accounting and Finance on Thursday, Nov. 21 at an initiation dinner at the University Club in Boston.

Mr. Tyler is the son of Mr. and Mrs. Edward G. Tyler of Bryant Pond.

## AUTOMATION'S FIRST ENEMY

## REVISING THE MAIL RATES

Top officials of the post office department are again advocating higher mail rates. For instance, Hyde Gillette, an assistant postmaster general, speaking in Portland, Oregon, said that the department's deficit will reach \$700 million this year. He approved a bill which has passed the House and will be considered by the Senate next session. Under it, there would be a 1-cent increase in first class letter postage; a 60 per cent increase in second class mail rates over a four-year period; a 50 per cent increase in third class rates over a two-year period, and a 1-cent increase in air mail postage.

The pamphlet describes a number of specific cases in which, in the opinion of its authors, the unions, with impunity, have successfully followed courses of action that would be plainly illegal if followed by other groups. Such exercises of monopoly power fall into a number of classifications. These include: restraints of trade and price fixing; dividing territory; regional monopolies; banning of new products or processes; featherbedding; restricting competition; deliberately keeping the labor supply short; jurisdictional strikes and boycotts; coercion and compulsion of workers. It quotes Lester Velle, well-known student of labor affairs, as saying: "The Internationals' dogma to enslave rank-and-file are as ruthless as they are varied. . . Virtually none of union constitutions has even a rudimentary bill of rights to protect members."

The pamphlet ends by listing a series of objectives which, it says, must be sought in order to protect the public and the workers. The main points include real bargaining at the local level; an end to compulsory union membership in any form; bans on boycotts, on featherbedding, and refusal to allow new machines or processes and a prohibition against the use of union funds and union staff employees for partisan political purposes. The big goal as the author of this work sees it, is to bring about recognition . . . that responsibility goes hand in hand with authority and reverence for individual rights goes hand in hand with power."

Another bill before Congress (H.R. 8108) calls for rate reforms aimed at making parcel post flat-rate, Machias and Springvale.

nancially self-sustaining — instead of a taxpayer-subsidized service. What can be wrong with that?

## WINTER FORAGE BEING STRESSED IN GREEN PASTURES PROGRAM

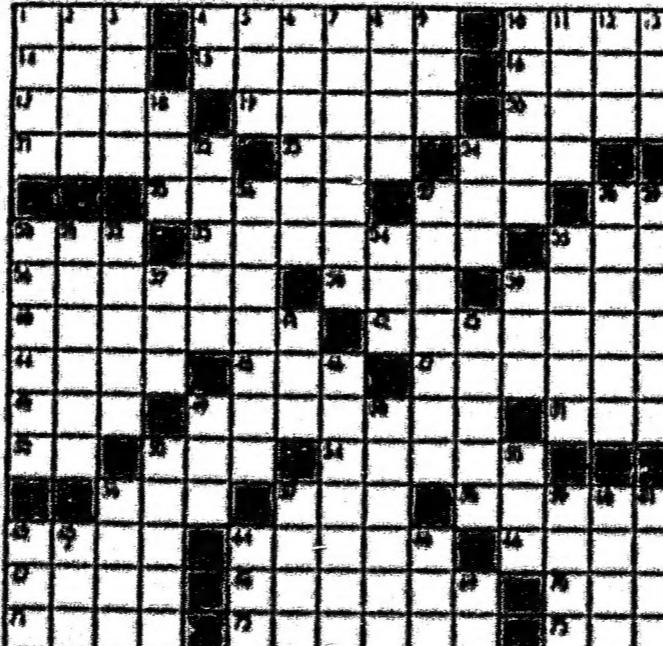

Present plans call for much more stress being laid on winter forages in Maine and New England Green Pastures Programs in the next few months. Dalrymple will have their hay and silage inspected for quality and quantity, says Ralph Corbett, Extension dairyman, University of Maine.

## EXTENSION ASSOCIATIONS HAVE 18,221 MEMBERS

County Extension Associations in Maine recorded a total of 18,221 members at the close of their recent annual meetings, reports Richard C. Dolloff, of Orono. Dolloff is secretary of the Maine Extension Association, and county agent leader of the Maine Extension Service. Aroostook County is 882 members ahead of last year at this time, and Kennebec County is 182 ahead.

Securing more than 70 percent of their total 1957 memberships already are Franklin, Kennebec, Oxford, Hancock, Waldo, Somerset, Knox, Lincoln, and Androscoggin, Sagadahoc Counties. Interested men and women may get in touch with their local Extension Association secretaries or mail their dues to their County Extension Associations. County Extension offices are located in Lewiston, Presque Isle, Port Kent, Houlton, Portland, Farmington, Ellsworth, Augusta, Rockland, South Paris, Bangor, Dover-Foxcroft, Skowhegan, Belgrade, Machias and Springvale.

## UPTON

— Mrs. C. A. Judkins, Corres. — Only six deer were tagged the last week of hunting season bringing the total to 60. Nov. 26, Joseph Kuyemski, Amherst, Mass., buck; 28, Marjory P. Grover-Westbrook, doe; 29, Simonne Lavallee, Upton, doe; 30, Evelyn Pollard, Casco, doe; 30, Richard Noonan, Casco, buck; 30, John W. Yokobaltus, of Massachusetts, buck.

Recently two hunters were lost all day between Back St. and Molwidgewock Pond. Toward dark Mrs. Arlene Bernier heard them calling for help, and summoned local help by means of the telephone. Then she went outdoor again with her gun to try to help them by means of shots, when she met them in the road, just a few hundred feet from their car, which they had left there in the morning but did not know where it was.

Saturday afternoon and evening was a gala occasion for the Judkins family, being the family gathering for Thanksgiving. After overcoming the difficulties caused by

Noich and on Brooks' Hill, they began to arrive about 3 o'clock. First there were Mr. and Mrs. Albert E. Judkins and six children of Rumford Point; then Mr. and Mrs. Sidney E. Abbott and six children of East Summer; then Mr. and Mrs. Edgar M. Bailey Jr. and son of Millinocket; then Mr. and Mrs. Fred S. Judkins and two children of Upton, who had just returned from an all-day trip to Bethel, Bryant Pond and Rumford; then Mr. and Mrs. Roland Bernier and seven children of Upton; completing the crowd were Mr. and Mrs. Kendrick Judkins and three children who stepped in from next door, and the host and hostess, Mr. and Mrs. Cedric A. Judkins. First, several pictures were taken by Mrs.

Alda Barnett, a next-door neighbor; then all gathered around the tables to partake of the turkey and fixings; after the tables were cleared away and dishes washed, a social evening of dancing, was enjoyed by young and old, with Roland Bernier as caller. Some of the families had to return home about 10 o'clock; the others enjoyed card and slippery roads in Grafton snack and off to bed. The Abbott week.

Mr. and Mrs. Charles Barnett and family of P. E. I. arrived Monday this week for a short visit with his brother and wife, Mr. and Mrs. Dan Barnett.

Mr. and Mrs. Ivan Garey and two boys were guests of her parents, Mr. and Mrs. Claude Lombard, on Thanksgiving Day.

Fred Judkins and C. A. Judkins attended Pomona Grange at Bear River Grange, Norway, Tuesday, this week.

I sold my GI house for reasons of health. My GI loan eligibility has been restored by VA. Now, do I have to use this restored entitlement to buy another house, or may I use it for a GI business loan? — You may use it for a business loan, or it may be used for any purpose authorized by law: a home loan, farm loan or business loan. — Is there a new Senate Office building under construction in Washington? — Yes, it is almost completed at a cost of \$17,500,000. Site and equipment will run the cost to about \$31,700,000. A third house office building also is under construction to cost approximately \$15 million.

Q—I read in the paper that Queen Elizabeth and her party were served luncheon in the old Supreme Court room. Is that in the Supreme Court Building? — A—No. It is on the Senate floor of the Capitol building, about midway between the House and Senate chambers.

Q—On what material is the original part of the U. S. Capitol Building constructed? — A—It is sandstone which came from quarries owned by the government at Aquia Creek, Va.

Q—Is all news media represented in the Capital Press galleries? — A—Yes, representatives of daily newspapers and press associations serving daily paper; Representatives of Radio and TV stations; networks serving radio and TV stations; periodicals, including magazines, trade publications, and weekly newspapers, and photographers and news photo services.

### GIRL SCOUTS

Brownie Troop 1. Our patrol met at Mrs. Madeline Holts' after our business meeting we worked on Xmas gifts. We played games and closed the meeting with singing. Troop Leader, Linda Jackson.

The second grade Brownies met Tuesday, December 2nd, at Mrs. Merrill's with 18 present. We were busy little Brownies making gifts for Christmas, playing BINGO, drawing names for our Christmas program and doing dishes after eating refreshments of hot cocoas and decorated cookies. We also drew names for new officers. They are as follows: President, Sharon Brown; Secretary, Jo-Ann Perry; Treasurer, Edie Conner; Color Bearers, Donna Buck and Cheryl Merrill. We received word from Girl Scout headquarters that they received our registrations and we are registered at Troop No. 8 so we are actually Brownie Scouts now and will receive our membership cards and be invited soon. Thank you, Mrs. Cross for helping us on Tuesday Hostesses next week will be Jo-Ann Perry, Gretchen Dork and Copper Colidge.

Girl Scout Troop 1, Bethel, met at the American Legion Rooms on Tuesday Dec. 3, after school for a formal meeting. Instead of the usual exchange of gifts at the Christmas Party the girls gave money to be used for Christmas benefits for needy children. The flag ceremony was held at which time the laws and precedes were repeated.

Mr. and Mrs. John Hadley of Massachusetts visited with Mr. and Mrs. Harlan Andrews over the week end. They spent much time

we made a display and a program for this occasion. In Science we are all making a special report on something. We have had two reports so far. Social studies is an interesting subject most of us find. For the past week we have been studying Morocco. Christmas is a long holiday so we have started to plan already. We have a committee which is as follows: Sue Kneeland, Sheila Roberts, Buddy Carver, Trafton Foster and Stephen Dock. Darlene Mordell has been sick but she is back with us now. Don Parker and Roy Brown are not sick. We all have book reports to make the 15th of December. — Reporter, Alan Newton, Charles Runnels.

Grade 5 — Ethel Kimball sprained her wrist. She had to have a bandage. The writing teacher is coming Wednesday. Today is the first day that we have had perfect attendance since October 8. We got our globes December 2. We are on fractions in arithmetic. — Reporters, Alan Newton, Charles Runnels.

Grade 6 — Miss Varner Our class has been divided into ten groups of three members each to make a display on the bulletin board on the ten Canadian provinces. Mildred Kimball brought a round phonograph record which was used on an old fashioned Victrola. We are glad our attendance has improved as we have had 100% for Monday and Tuesday. Miss O'Connor will be here for our writing lesson on Wednesday. Last Wednesday afternoon we invited Mrs. Lord's sixth grade to come to our room for a get-together. — Reporter, Wayne Andrews.

Grade 7 — El. Lord

Last week before Thanksgiving we all just got back to school after a long, four day week end of Thanksgiving. We all had a good time. Miss O'Connor, the writing teacher came Tuesday for the upper grades. She will be here again Wednesday to rank the lower grades. She wrote on all of the blackboard. Merry Christmas and a Happy New Year, in fancy writing. It is very good. In English the 8th grade is taking up clauses. It isn't too hard if everyone would just pay attention. The seventh and eighth grades will play their first game of basketball for the season at Errol, Friday night. — Reporters, Elizabeth Waldrum and Pat McMullan.

### Arnold Turner, So. Paris Wins Cucumber Contest

Arnold Turner of South Paris was judged winner in the 4-H cucumber growing contest which was started this past year in cooperation with the Oxford Pickle Co.

For being first in the contest Arnold received a bicycle which was donated by the Oxford Pickle Co.

Arnold, who is 12 years of age, attends South Paris junior high and his favorite hobbies are fishing and baseball. He has been in 4-H club work two years, as a member of Mrs. Irene Hapgood's "Ready Workers" and has taken the Fat Laces, Cucumber and two Woods projects. This year he exhibited carrots at two fairs and cookies at three fairs and received blue ribbons for all his exhibits.

In the spring Arnold signed a contract with the pickle company to sell his cucumbers to them, as the 4-H project required. He sold 1,750 pounds of small cucumbers off his 1/8 acre plot grossing him \$412.64, which figures out to \$51.58 on an acre basis.

### Traffic Accidents Cost Over \$7 Billion in 1957

The nation has been handed its 1957 traffic bill by Thomas N. Doane, manager of the Accident Prevention Department of the Association of Casualty and Surety Companies, and it came to a staggering grand total of \$7,255,000,000.

That is the estimated cost of a single year's traffic mayhem based on figures for the first nine months of this year and a projection through Dec. 31. It is the highest figure in the history of the automobile.

The pro rata share borne by each of the nation's 171,780,000 citizens amounts to \$49.22. Mr. Doane said, "while the cost for a family of four is \$184.92, included in the sum are charges for property damage, automobile repair, legal and medical fees, insurance expenses and loss of income through absence from work."

He added that in assessing this bill the nation's traffic losses will reach an estimated total of \$8,000 deaths, 1,800,000 injuries and 11,750,000 accidents. An extended period of bad weather during the month of December could reduce this toll somewhat by reducing the number of cars on the highway. Otherwise, he said, the usual annual rung of holiday shoppers and seasonal celebrants will make December again the deadliest month of the year.

BIG CHRISTMAS TREE FLOWN TO HOLLYWOOD

A huge Maine Christmas tree will stand in Hollywood this holiday season as a symbol of friendship between the people of Maine and the motion picture industry. The 27-foot balsam fir which was sent this week will be erected at the Fox Beverly Theater in Beverly Hills prior to the Hollywood premiere of "Reyton Place" which was filmed last summer in Maine. The tree, donated by the Maine Christmas Tree Growers Association, was cut on the tree farm of Kenneth North of North Leeds, trucked to Boston and flown to California.

As for the 1957 "bill" charged up to every man, woman and child in the country, Mr. Doane said that they can be markedly paid since the cost of accidents is not on a par with young boys. However, he pointed out that this is small consideration aside, as matters stand, every citizen can count on his share of this economic waste to increase each year for the rest of his life.

"These losses will continue," Mr. Doane said. "Our facilities are ready and willing to pay reasonably for safe driving and driver control through effective enforcement, engineering and education and each individual accepts his personal responsibility for complete obedience to the traffic rules."

The safety advocate added that with these measures with a realization of the danger and a strong will to live have the best chance of avoiding accidents. He is people to say with more than words on their driving, will not take small risks to save time and will not violate certain rules set during after driving.

This is particularly important in the coming winter season, as most of present drivers and automobile manufacturers are not to be considered.

### 1958 March of Dimes To Support Rehabilitation Program

Plans for a \$4,900,000 March of Dimes drive next January, primarily to support a massive rehabilitation program for thousands of disabled polio victims and to intensify the basic research programs of the National Foundation for Infantile Paralysis, are announced by Mrs. Norma Jodrey.

She made the disclosure on her return from a meeting in Boston with some 300 March of Dimes volunteer workers from the New England States.

Mrs. Jodrey said that the 1958 March of Dimes would be conducted chiefly for the care and rehabilitation of the thousands of post-polio patients in the United States for whom "survival is not enough."

She said that dramatic new advances in the field of rehabilitation now make it possible for many persons whose horizons once stretched no further than a wheelchair or an iron lung to return to useful daily living.

Mrs. Jodrey said that in addition to the costly patient-care program, the March of Dimes will seek continued support for its professional program which has already given training of many varieties to more than 6,000 doctors, nurses, therapists and other professional workers.

Plans for a greatly expanded research program also were outlined.

The March of Dimes leader noted that in the 20 years since the first March of Dimes, its research grants which sponsored the development of the Salk vaccine

have also led to unprecedented advances in the once mysterious field of virus research. Virologists supported by the March of Dimes have made significant discoveries not only about polio and polio-related diseases but about many other afflictions of man as well.

County Agent Frank Hagan of South Paris was a supper guest at Fred Wright's Wednesday.

Mrs. Gertrude Hanscom, Roger and Amy, were Thanksgiving guests of Mr. and Mrs. Robert Cole at Lake Mills.
